Homelessness Roadmap: Working Group Minutes

Thursday, May 4, 2023
3:00-3:30 PM

1. **Introductions**

2. **Follow-up Items**

3. **Homelessness Roadmap**
   a. Updates from BOE – Status of Feasibility Review & Construction
      i. 499 San Fernando: Working on opening east side retaining wall for pedestrian access. Trenching for underground utilities ongoing. Paving by end of month.
      ii. 850 Mission: Construction is 42% complete. Underground utilities complete, fine grading this week, will start paving when complete. Pallets will not be delivered until end of June/beginning July.
      iii. Mission and Jesse: GSD will mobilize on site next Monday
      iv. VOALA Bldg A: Construction is 90% complete. Contractor is working on signage, laundry hookups, exterior area. Anticipate construction completion by June 30.
      v. Echo Park: BOE is currently on standby.Owner working on application to DBS.
      vi. Sunflower: GSD has mobilized on site and is completing electrical demo work. Pallets to be delivered by mid-May.
      vii. 116th: On hold pending additional community meeting. Council District is exploring other sites.
      viii. West LA Interim Housing (THV): BOE has provided 3 layouts/ROMs. Project is on hold pending direction from Council Office.
      ix. CD 6 RV Parking Storage: BOE is pending site visit, has meeting next week with DBS/Planning to finalize feasibility.
      x. CD 12 RV Parking Storage: Consultant is working on feasibility for five sites, so far BOE has received two of the five.
      xi. LA DOT RV Parking: BOE is working on initial layouts
      xii. CD 8 RV Parking: Working on ROM, estimate 36 RV capacity for dirt lot area
      xiii. CD 5 West LA Interim Housing (THV): BOE has provided layout and ROM, 54 bed capacity
   b. Updates from GSD – Status of Lease & Sublease Agreements
      i. 850 Mission: GSD is working with LASAN on MOU
      ii. West LA VA and Imperial ABH sites were approved in Council; GSD is circulating extension agreements for signature
   c. Update from LAHSA – Status of LAHSA Service Provider Contracts
      i. Homekey Sites
         1) LAHSA is beginning to route contract for VOALA Building A
      ii. HHAP 12 Amendment is fully executed
   d. Status of CD Outreach Teams – LAHSA

CD	SITE/ Address		Bed Capacity	Occupancy
8	5615 - 5749 South Western Ave.	Testimonial Community Love Center	7	5
8	9165 & 9165 1/2 S Normandie	Motorcycle Riders	28	28
8	8701 S. Broadway – Home at Last	HAL	150	135
9	Abundant Blessings		68	66
9	5100 Central	Home at Last (males)	25	20

9	King Solomon	FTS	60	54
6	Branford THV	VOA	161	60

e. Status of Interventions List (5/4/2023) – CAO
   i. 5455 W 111th St (Safe Parking) estimated occupancy date updated to 5/22/23
   ii. 1904 Bailey St estimated occupancy date updated to 5/15/23; ribbon cutting scheduled for 5/11/23
   iii. 2377 Midvale Ave. was added to Projects Pending Approval

4. Updates:
a. Mayor's Office
b. City Attorney
c. LADWP
d. LADBS
e. Fire
f. LASAN
g. Project Managers

5. Other Items:
a. CAO anticipates releasing the 17th Roadmap funding report and HHAP-3 funding report to be heard in H&H on 5/17.

Homelessness Roadmap: Working Group Minutes

Thursday, August 24, 2023

3:00-3:30 PM

As a reminder, all discussion items and meeting materials shared here are exclusive to the individuals in this meeting and should not be shared to any entities outside of the City or LAHSA.

1. **Introductions**

2. **Follow-up Items**

3. **Homelessness Roadmap**
    a. Updates from BOE – Status of Feasibility Review & Construction
        i. 499 San Fernando (NE New Beginnings): Decking is being assembled. Electricity to be tested once there are sufficient utility connections. Construction completion is expected to be pushed to October.
        ii. 850 Mission (Boyle Heights THV): Project is in holding pattern due to waiting for electrical equipment. Working on gate; expecting laundry and admin pallets to be delivered in September.
        iii. Mission and Jesse: Project is complete, just need to change one lock on the new exit.
        iv. VOALA Bldg A: Expecting Certificate of Occupancy on Friday. Inspection complete, just waiting on mechanical and electrical sign off. All other clearances are complete.
        v. 116th Place: On hold.
        vi. CD 11 West LA IH: On hold.
        vii. CD 5 West LA IH (Midvale): BOE preparing ROM.
        viii. RV Parking Storage Lots (11 sites): On hold. Mayor's Office has created an RV task force.
        ix. CD 8 RV Parking Storage: On hold.
        x. State 500 Tiny Homes:
            1. 1st and Broadway: BOE completed an initial review of the State's layout, recommending changes to add more open areas. BOE's propsed layout would provide 212 beds.

2. Echo Park: Variance has been completed and was sent to the State

xi. Olympic Blvd: BOE has submitted cost range and initial assessment.

xii. Alexandra Park CD 2: Plan to use pallets from 116th to replace damaged pallets at this site. BOE is currently awaiting funding.

b. Updates from GSD – Status of Lease & Sublease Agreements
   i. 499 San Fernando: GSD is following up with provider. Currently waiting for comments and signature.
   ii. Beacon ABH and Imperial ABH: GSD is awaiting a response for both sites
   iii. Riverside ABH and Eubank ABH: GSD has followed up with PATH (Riverside) and US Vets (Eubank) on extension in preparation for September MFC.
   iv. Lodi ABH: GSD sent agreement to PATH.
c. Update from LAHSA – Status of LAHSA Service Provider Contracts
   i. VOALA Bldg A: Contract is currently routing
   ii. 499 San Fernando (NE New Beginnings): Currently pending discussion on bed count.
d. Status of CD Outreach Teams – LAHSA
   i. No update
e. Status of Interventions List:
   i. CD 5 2377 Midvale Ave. was updated to add aka address of 10907 Pico Blvd.

4. Updates:

a. Mayor's Office
b. City Attorney
c. LADWP
d. LADBS
e. Fire
f. LASAN
g. Project Managers

5. Other Items:

a. CAO plans to release the 19th Roadmap Funding Report by next week.

DECLARATION OF LOCAL EMERGENCY

WHEREAS, Section 231(i) of the Los Angeles City Charter and Ch. 3, Section 8.27 of the Los Angeles Administrative Code provide that the Mayor of the City of Los Angeles has the authority to declare the existence of a local emergency as a result of any occurrence which, by reason of its magnitude, is or is likely to become beyond the control of the normal services, personnel, equipment, and facilities of the regularly constituted branches and departments of City government; and

WHEREAS, the City of Los Angeles has at any given time approximately 41,980 people experiencing homelessness Citywide; and

WHEREAS, the number of unhoused people in the City of Los Angeles has increased dramatically in recent years, nearly doubling in the past decade, with the number of unhoused families increasing by 238 percent since 2007; and

WHEREAS, the City of Los Angeles represents 9.6 percent of the State of California's population but 25 percent of the State's unsheltered population, and the City represents only 1.2 percent of the total United States population but 7.2 percent of the United States population of people experiencing homelessness; and

WHEREAS, as a percentage of its population, the number of unsheltered people in the City of Los Angeles is approximately 18 times higher than the number in New York City and 14 times higher than the number in Chicago; and

WHEREAS, there are more people currently experiencing homelessness in the City of Los Angeles than were displaced by Hurricane Harvey in Houston (30,000) or the 1994 Northridge Earthquake (20,000); and

WHEREAS, homelessness has disproportionately impacted Black, Indigenous and Immigrant Angelenos. Black people comprise only 8 percent of the population of the City of Los Angeles but, in the most recent homelessness count, accounted for 33 percent or more of people experiencing homelessness; and

WHEREAS, homelessness has increased dramatically and disproportionately among Hispanic and Latino Angelenos during the COVID-19 pandemic. The share of the population of people experiencing homelessness who are Hispanic or Latino increased by 30 percent between 2020 and 2022 and now constitute 42 percent of unhoused individuals. Black and Brown Angelenos comprise 75 percent of people experiencing homelessness; and

PRA06-CAO-000005

WHEREAS, the homelessness crisis has had unacceptable consequences for Angelenos, including a significant death toll that has rapidly increased since the start of the COVID-19 pandemic. The Los Angeles County Department of Public Health has reported an average of over 5 deaths per day of unhoused persons as of March 2021, a 200 percent increase in the death rate of persons experiencing homelessness over the past decade and a 56 percent increase over just one year prior; and

WHEREAS, women now comprise about a third of people experiencing homelessness and at least 60 percent of those women have experienced violence, and more than a third of LGBTQ+ women experiencing homelessness have experienced sexual assault; and

WHEREAS, a disproportionate share of youth experiencing homeless identify as LGBTQ+ and lack adequate access to resources; and

WHEREAS, the murder rate for people experiencing homeless is at the highest recorded levels, and increased by 47 percent in 2021 alone; and

WHEREAS, severe overcrowding in Los Angeles has also led to increased deaths from COVID-19. In neighborhoods with 40 percent overcrowding as compared to a national average of 3 percent, residents are 11 times more likely to die because of COVID-19; and

WHEREAS, shelter and housing is particularly important during these coming winter months when people experiencing homelessness in the City are likely to face heightened exposure and dangers from living outdoors, and heightened dangers from the combination of COVID-19, flu outbreak and respiratory syncytial virus (RSV). It is projected that the City will face an acute shortage of winter homeless shelters through March 2023, with fewer than half the number of shelter sites available as in the winter of 2021-2022 and nearly two-thirds fewer shelter beds; and

WHEREAS, the City's eviction moratorium, which has protected many Angelenos from falling into homelessness, ends concurrently with the end of the City's State of Local Emergency regarding the COVID-19 pandemic on February 1, 2023; and

WHEREAS, the State of California's COVID-19 State of Emergency, which has provided resources to keep many Angelenos from falling into homelessness, ends in February of 2023, thus requiring immediate action in order to create replacement and additional housing and shelter, and in order to support the necessary infrastructure and laws required to protect and provide that shelter and housing; and

WHEREAS, people experiencing homelessness suffer disproportionately from mental and physical health ailments, the treatment of which has strained the City's ability to provide appropriate shelter and housing and which require assistance from the County

PRA06-CAO-000006

Health Department to provide the necessary public services. Specifically, it is estimated that 47 percent of unsheltered people in the City of Los Angeles are affected by a health condition, 46 percent are affected by substance abuse, 34 percent are affected by a serious mental illness, 29 percent are affected by physical disabilities, 17 percent are affected by post-traumatic stress disorder, 7 percent are affected by developmental disabilities, and 6 percent are affected by traumatic brain injuries. Recent studies differ on the exact percentages but dramatic increases over time are prevalent in all of the data. The prevalence of extreme need significantly stress the City's public services; and

WHEREAS, notwithstanding that the State of California has enacted a CARE Court to address the crisis of untreated mental illness, the beds and necessary access to acute and subacute care is in development and steps must be taken in the interim to provide increased access to care; and

WHEREAS, the homelessness crisis has strained the City's public safety resources. Among other things, occurrences of fires related to homelessness have nearly tripled between 2018 and 2021, averaging 24 fires a day in the first quarter of 2021, and now constitute a majority of all fires to which the Los Angeles Fire Department responds; and

WHEREAS, paramedic calls to address the crisis on our streets and in our other public spaces are increasing at alarming rates and unhoused residents are 19 times more likely to require an emergency room transport by paramedics than housed residents; and

WHEREAS, the homelessness crisis confronting Los Angeles has grown both incrementally and exponentially, leading to death, illness, and deplorable living conditions even worse than those that created emergencies due to persistent and worsening conditions from prison overcrowding, deterioration in water quality, or fire risk due to climate change; and

WHEREAS, the conditions in December 2022 are even more dire than when Mayor Bradley declared a local emergency due to the upcoming winter weather and its effects on the people experiencing homelessness in 1987; and

WHEREAS, the displacement of the number of people living on the streets of the City of Los Angeles today is a daily recurring emergency, empowering the Mayor to declare a state of emergency, no less than if the emergency was caused by an earthquake, fire, or flood; and

WHEREAS, the City's ability to mobilize local resources, coordinate interagency response, accelerate procurement of housing units, use mutual aid, and seek assistance and potential reimbursement by the State and Federal governments will be critical to successfully responding to this homelessness crisis; and

PRA06-CAO-000007

WHEREAS, during the pendency of the existence of a local emergency, the Los Angeles City Council shall retain its full authority to consider a variety of City ordinances to codify the measures necessary to address this homelessness crisis; and

WHEREAS, during the COVID-19 pandemic the City Council created the COVID-19 Homelessness Roadmap and committed the funding and resources needed to produce 6700 housing options in 18 months; and

WHEREAS, the City currently has 14,475 interim housing beds and the City Council continues to prioritize the building of interim and permanent supporting housing and yet need outpaces demand; and

WHEREAS, the City projects it will soon have a total of 12,908 supportive and affordable units, of which 3,861 have been completed already, 5,171 are currently under construction, and 3,876 are in pre-development; and

WHEREAS, notwithstanding that Council has been and is acting with urgency, including implementing a roadmap to house thousands of Angelenos and building an unprecedented number of supportive housing units and shelters, an emergency declaration is necessary to mobilize resources, save lives, and provide for the public health, welfare, and safety of all; and

WHEREAS, the City of Los Angeles has responded to the rapid increase in its homeless population with unprecedented investments into homelessness solutions, including a nearly $1.2 billion commitment in the 2022-2023 City budget for the construction of thousands of units of supportive housing, the expansion of bridge housing, and the hiring of professionals to address the homelessness crisis and, notwithstanding these efforts, the number of those experiencing homelessness in the City continues to increase and outstrip the resources and services that the City has provided; and

WHEREAS, the magnitude of loss of life, the persistent and disproportionate impact of the COVID-19 pandemic, and the persistent discriminatory impacts of a lack of housing warrant and necessitate that I declare the existence of a local emergency; and

WHEREAS, the benefits of this emergency declaration, coupled with past and future actions by the Los Angeles City Council to address the homelessness crisis, will help ensure that this local emergency will be of a temporary nature;

NOW, THEREFORE, I thereby declare the existence of a local emergency and direct all Divisions of the Emergency Operations Organization (EOO) and all other City Departments to take necessary steps for the protection of life, health and safety in the City of Los Angeles.

I REQUEST, that the City Council adopt resolutions pursuant to the Los Angeles Administrative Code Sections 10.1.1, 10.2.1, 10.5(a)(8), and 10.5.5 to expedite the procurement and contracting process for materials, equipment, and services necessary to respond rapidly to the homelessness crisis.

I DIRECT that, as Director of the EOO, I shall coordinate Citywide planning and response with respect to unsheltered individuals in conjunction with the City Administrative Officer, Los Angeles Homeless Services Authority, Los Angeles City Housing Department, Los Angeles City Planning Department and any and all necessary departments and agencies.

I FURTHER DIRECT that the City coordinate its efforts to address this declared emergency with the County of Los Angeles, the State of California, and the federal government.

I FURTHER DIRECT, that the continuing state of emergency shall be regularly evaluated, in coordination with City Council, by reference to key performance indicators of progress in addressing the emergency, including, but not limited to:

- Decrease in the number and size of encampments;
- Regulatory relief from other jurisdictions and within Los Angeles City agencies to create flexibility to address the crisis;
- Relaxation in the restraints that limit the ability of the City's proprietary departments to create flexibility to address the crisis;
- Increased housing placements;
- Increased starts on new affordable housing options;
- An increase in temporary and permanent housing units;
- Increased outside aid through access to mental health and substance use beds;
- A decrease in the number of persons being evicted from existing housing units;
- A decrease in the number of persons falling into homelessness.

I FURTHER DIRECT that this Emergency Declaration sunset in six months subject to being renewed. The setting of a specific time frame allows for actions to be taken to make permanent, necessary structural changes.

I FURTHER DIRECT that all relevant City departments and agencies compile and deliver to the Mayor information about the specific and necessary resources and support that the

PRA06-CAO-000009

City should request from Los Angeles County, the State of California and the Federal government to address this crisis.

I THEREFORE DIRECT that the Declaration of Local Emergency shall take effect immediately and that notice shall be given of said Declaration through the most feasible means.

Karen Bass, MAYOR

Dated: December 12, 2022
at Los Angeles, California
Time: 9:20 a.m.

Filed with the City Clerk
Date: December 12, 2022
Time: 9:25 a.m.
By: Melinda Nava

RULES, ELECTIONS, INTERGOVERNMENTAL RELATIONS

MOTION

On December 12, 2022, Mayor Bass declared a state of emergency on homelessness. On December 13, 2022, in accordance with Los Angeles Administrative Code Section 8.27, the City Council approved a Resolution (Krekorian, et al.) ratifying the emergency declaration. After the ratification of the emergency declaration, Mayor Bass issued two executive orders - one to launch the Inside Safe Initiative to implement a citywide strategy to address the homelessness crisis and the other to expedite permits and clearances for temporary shelter and affordable housing.

In January, the City Council created the Homelessness Emergency Account and provided the Mayor with approximately $50 million in necessary funding to implement the Inside Safe Initiative. With the City Council's and Mayor's collective efforts, over the last six months, the City has conducted 19 Inside Safe operations and moved 1,323 unhoused individuals inside through that program. Additionally, the City was able to identify 456 projects, totaling over 8,000 units, for expedited approval and approved 20 projects, totaling 1,496 units, within 37 days.

Pursuant to the terms of the emergency declaration, the Council has continued to renew the emergency declaration at least every 30 days for the last six months. However, the emergency declaration will terminate on July 9, 2023.

While the original emergency declaration will terminate, the homelessness crisis will continue. As a result, the City Council approved $250 million in funding for Inside Safe for fiscal year 2023-2024 and continues to work with the Mayor to streamline City processes and procedures to address the crisis. In order to build upon these efforts, the City Council should consider the adoption of LAAC Section 8.33, attached to this motion, that would create a path for Mayor Bass, and future Mayors, to declare a Local Housing or Homelessness Emergency.

I THEREFORE MOVE that the City Council request the City Attorney to review the attached language for a new LAAC Section 8.33 for form and legality and prepare and present an ordinance with an urgency clause to effectuate this section.

PRA06-CAO-000011

Sec. 8.33. Local Housing and/or Homelessness Emergency.

(a) The term "Local Housing and/or Homelessness Emergency" as used in this Section shall mean a local emergency due to the existence of a critical shortage of local affordable housing and/or an emergency on homelessness, as further defined in this Section. Local Housing and/or Homelessness Emergency, as used in this Section, shall not be subject to the other provisions of Chapter 3, Article 3 of Division 8 of the Los Angeles Administrative Code.

(b) The Mayor is hereby empowered to declare the existence of a local housing and/or homelessness emergency when the Mayor finds that:

(i) the City's housing supply is projected to be at least 40 percent below its annual housing production goals as established in the Housing Element approved by the State Department of Housing and Community Development and reported in the City Planning Department's quarterly Housing Production Report; and/or

(ii) Homelessness in the City has reached a crisis as indicated by either:

(1) The unhoused population in the City is greater than two times the total number of interim beds as established in the annual Homeless Inventory Count submitted to the federal Department of Housing and Urban Development; or

(2) There is a citywide increase by more than 20 percent as reported in the annual Point-in-Time Count.

Such a declaration by the Mayor shall be in writing and shall take effect immediately upon its issuance. The Mayor shall cause widespread publicity and notice to be given of the declaration through the most feasible and adequate means of disseminating the notice throughout the City.

(c) Upon the Mayor's declaration of a local housing and/or homelessness emergency, the Mayor shall coordinate citywide planning and response with respect to unsheltered or unhoused

PRA06-CAO-000012

individuals in conjunction with the City Administrative Office, Los Angeles Homeless Services Authority, Los Angeles City Housing Department, Los Angeles City Planning Department and all other necessary departments and agencies. The Mayor shall also coordinate the City's efforts to address a declared emergency under this Section with the County of Los Angeles, the State of California, and the federal government. Within 30 days, the Mayor shall submit to Council a plan of action to address the emergency.

(d) A declaration pursuant to this section empowers the Mayor to:

(i) Promulgate, issue and enforce rules, regulations, orders and directives which the Mayor considers necessary to address the emergency. Such rules, regulations, orders and directives shall take effect immediately upon their issuance, and copies thereof shall be filed in the Office of the City Clerk. The City Council may supersede a rule, regulation, order or directive by adopting a resolution or ordinance that addresses the same subject matter.

(ii) Commandeer property deemed necessary to meet interim and temporary housing needs and bind the City for the fair value thereof. The City Council may adopt a resolution that imposes limits on action taken under this subsection.

(iii) Require emergency service of any City officer or employee and requisition necessary personnel or material of any City department or agency.

(iv) Suspend competitive bidding restrictions enumerated in Charter Section 371(e)(6) and Los Angeles Administrative Code Sections 10.15 and 10.17 for contracts entered into by City departments and offices in response to the emergency and mitigation efforts related to the emergency, subject to the following:

(1) Such suspension may remain in effect until the Mayor terminates the suspension or the Council finds the suspension is no longer needed and acts to terminate the suspension;

PRA06-CAO-000013

(2) The Mayor shall order any action relative to the procurement of construction contracts, service provider contracts, supplies, and equipment for homelessness facilities to safeguard life, health or property caused by the emergency.

(3) Contracts using this subsection's suspended competitive bidding restrictions may be for a term no longer than one year; thereafter, further contracting for the same need shall be accomplished by competitive bidding whenever applicable;

(4) The City Council may terminate a contract awarded under this subsection and require competitive bidding.

(5) The City Administrative Officer shall evaluate and report monthly to the City Council on the reasons justifying why each contract using this subsection was necessary to respond to the emergency, including why the emergency did not permit a delay resulting from a competitive solicitation for bids or proposals and why competitive proposals or bidding was not reasonably practicable or compatible with the City's interests.

(e) Whenever the Mayor declares a local housing and/or homelessness emergency, the Chief Legislative Analyst's Office shall prepare, with the assistance of the City Attorney, a resolution ratifying the existence of a local housing and/or homelessness emergency. Such resolution shall be submitted by the Mayor to the City Clerk for presentation to the Council. Within 30 days from the date of the original declaration by the Mayor, the City Council may consider the resolution and rescind it by majority vote. Thereafter, the declaration shall expire unless the City Council renews it by majority vote every 90 calendar days.

(f) The Chief Administrative Officer and the General Managers of the Department of Housing and the Department of Planning, or their designee, shall monitor the state of the emergency and report

PRA06-CAO-000014

quarterly to the Mayor and the City Council on the status of the emergency and the progress in addressing it.

(g) After reviewing the quarterly reports in Section 8.33(c) by the Chief Administrative Officer and the General Managers of the Department of Housing and the Department of Planning, or their designee, if the City Council finds that there is no longer a need for the emergency, or the emergency is no longer beyond the control of the normal services, personnel, equipment and facilities of the regularly constituted branches and departments of the City government the City Council may act to terminate or not renew the declaration under this Section 8.33.

PRA06-CAO-000015

2377 Midvale Avenue; 10901 – 10909 Pico Blvd, Los Angeles, CA 90064

Council District (5): Katy Yaroslavsky

Initial Analysis:

This site is LADOT's Lot #707, a surface parking lot that provides 41 public parking spaces. LADOT may require replacement public parking in exchange for use of this site.

The site is divided by an alleyway. On one side of the alley is an R1-1 zoned, 6,794 square foot parcel adjacent to a single family house on a residential street. The parcel that fronts Pico Blvd. is 10,666 square feet and zoned NMU(EC). The surrounding uses are commercial.

There are two schools and two parks within roughly one half mile. There are two supermarkets within one mile of the site and two pharmacies within the same distance. The homeless services at the VA are roughly one mile from the site.

A Metro Expo station is within one quarter mile of the site, in addition to stops for Big Blue Bus lines 7, R7, 8, R12 and Culver City bus line CC3.

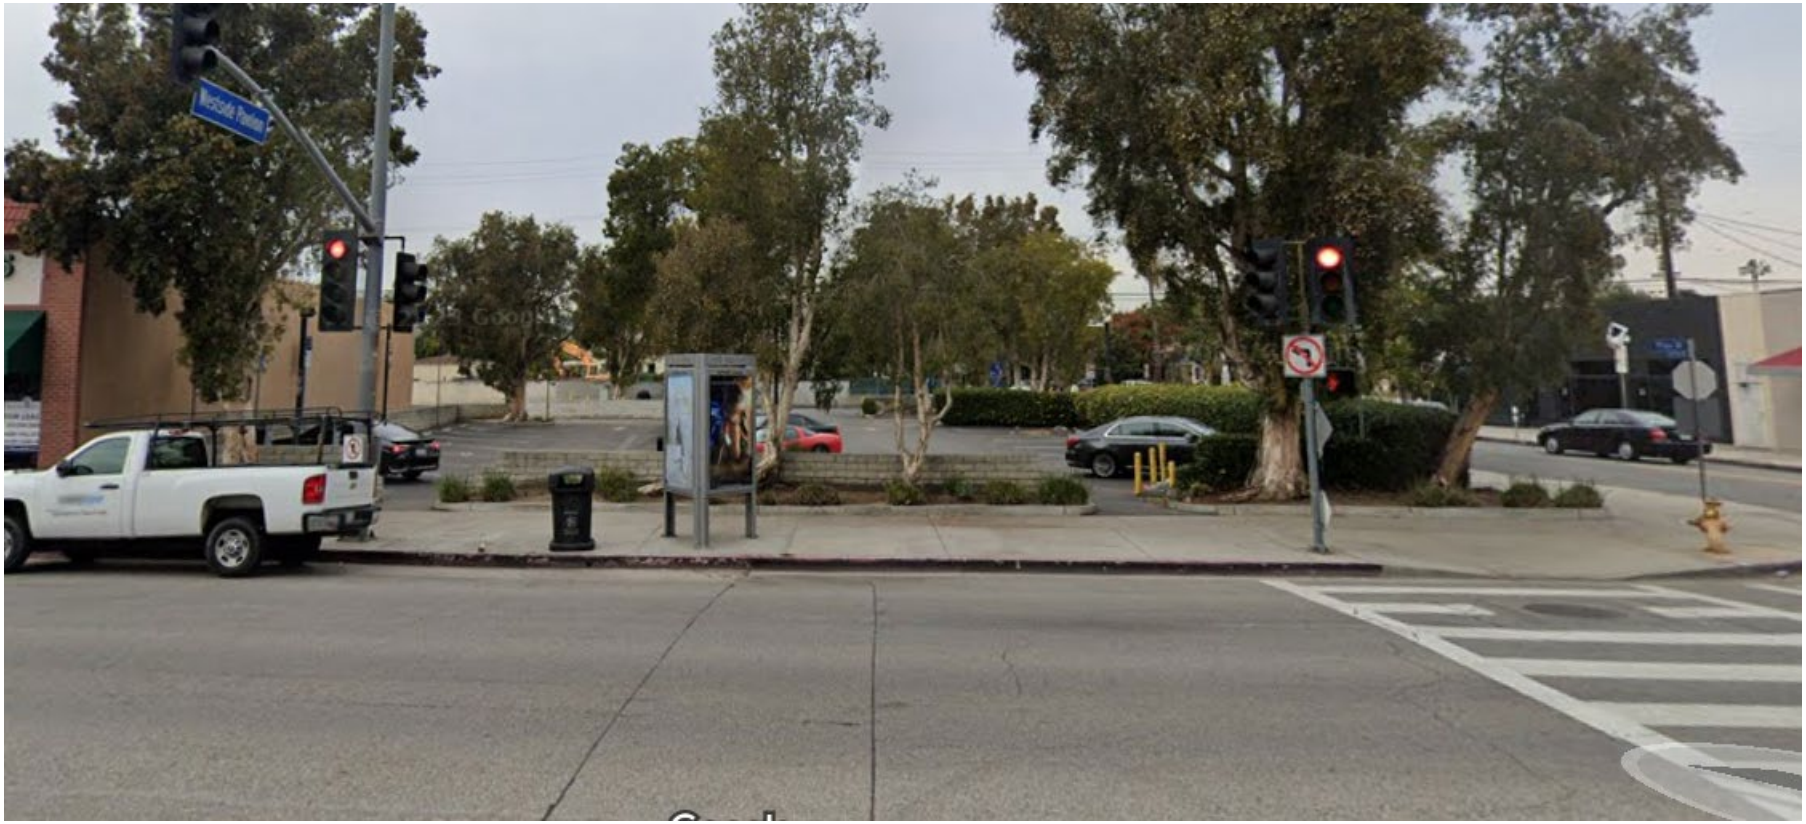

Owner: City of Los Angeles (LADOT)
Zoning: NMU(EC) [Pico parcels]; R1-1 [rear parcel]
APN: 4322004902; 4322004903
Lot Size: 16,860 SF

PRA06-CAO-000017

Prepared by: CAO Asset Management and Development Services March 9, 2023

FORM GEN. 160

CITY OF LOS ANGELES
INTER-DEPARTMENTAL CORRESPONDENCE

W.A.#: 0220-06079-0000

Date: March 2, 2023

To: Mercedes Marquez, Chief of Housing and Homelessness Solutions, Office of the Mayor

From: Matthew W. Szabo, City Administrative Officer

Subject: **RESPONSE TO EXECUTIVE DIRECTIVE NO. 3: IDENTIFICATION OF CITY-OWNED UNDERUTILIZED, VACANT OR SURPLUS LAND**

This Office has prepared the following response to Mayor Bass's Executive Directive No. 3 regarding the identification of all City-owned underutilized, vacant or surplus property potentially available for temporary or permanent housing.

The General Services Department (GSD) has provided the following lists of city-owned properties from its Asset Management System, totaling 3,352 sites, detailed in Attachments A through J. These include:

Planned Projects (Attachment A): City-owned properties that are under active negotiation for disposition. Some of these sites may be available for short-term use, particularly if necessary environmental testing or other predevelopment work could continue unimpeded (26 sites).

Vacant Properties (Attachment B): City-owned properties that are vacant, with no current disposition plan (70 sites).

Surplus Properties (Attachment C): Sites identified in the 2018 Surplus Property Report (C.F. 16-0600-S145). This report identified properties for the Own a Piece of LA Program, proposed transfer to more suitable departments or agencies, and other actions (382 sites).

Parking Lots and Structures (Attachment D): City-owned parking lots and structures controlled by the Department of Transportation (DOT) or other City departments. Many of these require replacement public parking and this requirement is noted in the list (111 sites).

PRA06-CAO-000018

Blocker Lots (Attachment E): Remnant lots that departments such has DOT or Public Works have requested GSD to preserve for future projects, assist with traffic mitigation, or protect against potential hazard (526 sites).

Infrastructure (Attachment F): Streets, alleys, sidewalks, and medians that have an Assessor's Parcel Number (APN). The majority of these parcels in the City do not have an APN and are not tracked here (259 sites).

Own a Piece of Los Angeles (Attachment G): Sites identified for the Own a Piece of Los Angeles (OPLA) program, through which select City-owned parcels can be sold to adjoining landowners. These parcels are typically less than 5,000 square feet, are remnants from street widening or improvement projects and are no longer needed for City operations. Because of the limited size, narrow shape or inaccessibility of these parcels, independent development is not feasible and these may only be of use to the adjoining property owners (172 sites).

Proprietary Departments (Harbor, LADWP and LAWA)(Attachments H-J): Potentially undeveloped properties owned by the Los Angeles Department of Water and Power, Port of Los Angeles, and the Los Angeles World Airports. GSD does not actively maintain a list of these properties, but has provided the proprietary properties in the asset management system (1,806 sites). The sites that are in active use by the Departments have been removed.

Potentially Underutilized Properties (Attachment K): The CAO requested on January 13, 2023, all Departments and Council Offices to assist us in identifying sites that are at least 15,000 square feet and may be used for interim or permanent housing because the City does not have a formal system of identifying and tracking underutilized properties. The sites received have not been assessed or vetted, and may be included in one of the other lists and include a few Recreation and Parks sites, but are included here (40 sites).

We agree that recreational facilities should be excluded from this process, and this Office recommends that City Yards and Shops also be excluded from your review of additional sites.

Once your Office determines the sites it is interested in pursuing further, the CAO team is ready to assist with any further research or feasibility assessments that may be useful.

Please feel free to contact Eve Bachrach of my staff at 213-978-7682 if you have any questions.

9722	5447005900	LINCOLN HEIGHTS JAIL (FORMER NORTHEAST MUNICIPAL BUILDING) 01039A 419 N AVE 19 LOS ANGELES, CA 90031	BUILDING	VACANT	1	419 N AVE 19	90031	GSD	In December 2022, the team selected to redevelop the site exercised their right to terminate the ENA. As a result, there are no current development plans for the Jail, which is a 229,000 s.f., 5 story, concrete building on 3.4 acres of land. The property is City Historic-Cultural Landmark #587. Efforts are underway to dispose of a leaking underground storage tank.	C.F. 16-0968: Selection of a developer to re-purpose the site, the Lincoln Heights Jail property was noted to require considerable investment to bring it up to current code. Council instructed the CLA to negotiate an Exclusive Negotiation Agreement (ENA) with the selected developer, Fifteen Group and the Lincoln Property Company (Developers). 1745	2119020900	RESEDA THEATRE 18447 SHERMAN WAY LOS ANGELES, CA 91335	BUILDING	VACANT	3			EWDD	Former CRA site, the Reseda Theatre will be the commercial component of a mixed-use development that includes 26 units of low income housing. When complete, the Reseda Theatre will include a food hall and two small movie theaters. The DDA was executed in 2018, and the housing will be completed in Q3 of FY 2022-2023. EWDD expects to sell the theater building in 2023 or 2024. The building is a shell, with no interior walls or floors. Disposition of the site must comply with the Surplus Land Act, which may require a determination from State HCD regarding the ratio of commercial to residential within the project. 6034	5148010900	FORMER FIRE STATION #23 (FIRE ENGINE COMPANY #23) 60005 225 E 5TH ST LOS ANGELES, CA 90013	BUILDING	MUSEUM	14	225	90013	GSD	Per City Attorney, the use of this facility is restricted to the purpose defined in the 1996 Ballot Measure that established the Proposition K Program. The scope "specified" for this project is to convert the former fire station facility into a junior arts center that would serve youth within skid row and the surrounding communities extending to the South and East. Phase I structural repairs are in progress and a report to the LA for Kids Steering Committee is pending to obtain needed approvals to proceed with Phase II interior modifications to complete the facility. The project has been delayed by community opposition in favor of utilizing the facility for adult programming. However City Attorney has advised this is not permissible. Staff will propose a hybrid service model to utilize the facility for onsite youth program and to deploy offsite services for homeless youth.	The Engine Co. 23 Arts Center project involves converting an existing 3-story, decommissioned fire station into a youth arts center. The building has not been occupied nor maintained for several years. The building contains lead paint and asbestos. It also does not have water and electrical power and the roof is damaged beyond repair. The project is planned to be completed in two phases. Phase I consists of seismic rehabilitation, fire-life safety work, building upgrades to meet current LADBS codes, and historic restoration associated with building upgrades to meet current code. Phase II consists of interior remodel to convert the building's use into a youth arts center (Refer to K359).	PF-2D	PUBLIC FACILITY	MULTIPLE FAMILY	HIGH MEDIUM RESIDENTIAL	4,464.34	0.102487

2715	2506034900; 2506034901; 2506034902; 2506034903	VACANT LAND 12568 SAN FERNANDO RD LOS ANGELES, CA 91342	PARCEL	VACANT	7	12568 San Fernando	91342	LAHD	In 2016, LAHD executed an ENA with NHS and WORKS to develop the site and an adjacent parcel owned by the partnership, which gave the City-owned parcel better street access. The planned development was an affordable homeownership project. The partnership has since sold their adjacent parcel, likely voiding the ENA. The current owner of the adjacent parcel may be interested in developing the entire site.	According to CF 18-0261, HCID purchased the site in 2006. (DRAFT) Midvale Interim Housing Project Motion review

5 messages

Zachary Warma <zachary.warma@lacity.org> Fri, Jun 23, 2023 at 10:27 AM
To: Annabelle Gonzales <annabelle.gonzales@lacity.org>, Kendra Leal <kendra.leal@lacity.org>
Cc: Gary Gero <gary.gero@lacity.org>

Annabelle and Kendra:

A very happy Friday to you both! Reaching out because CD5 has begun drafting the motion (**link here**) to formally put in motion the development of 2377 Midvale into an interim housing facility.

While I will note that neither the housing vendor nor the service provider has been formally selected yet, decisions will be made in the very near future.

As such, our office would greatly appreciate a preliminary review of the **draft moving clauses**, to ensure that we are directing the correct departments to undertake the necessary steps.

In addition to your team, it is our intent that the City Attorney, BOE, GSD, and CLA all review the file prior to its introduction.

Thank you so much for your assistance with this request.

Regards,

Zack Warma

Thank you, Zach!

We appreciate you sharing. Apologies, but I've been out of the office. Could you kindly let us know when you were planning on introducing this motion so we can prioritize competing deadlines?

Have a wonderful day!

Kendra Leal, MS
Senior Administrative Analyst II
Office of the City Administrative Officer

To: Kendra Leal <kendra.leal@lacity.org>, Annabelle Gonzales <annabelle.gonzales@lacity.org>
Cc: Gary Gero <gary.gero@lacity.org>

Kendra:

Less than no apologies warranted!

We will introduce the motion on August 1st (the first meeting back after recess). Ideally, we'd like the motion finalized no later than 7/26 or 7/27.

I will let you know that the Councilwoman has decided to formally move ahead with LifeArk as the modular vendor, and that by next week we should ideally have a service provider (verbally) attached to the project.

This means that when we publicly announce the project, we will be going to the community with a single proposal and the relevant parties lined up.

Cheers,

Zack

Cc: Kendra Leal <kendra.leal@lacity.org>, Gary Gero <gary.gero@lacity.org>

Annabelle:

The Mayor's Office has been fully aware of this project for months, and has repeatedly expressed support for our efforts; the Councilwoman has also spoken to the Mayor directly, and it's our hope that we might be able to have her attend an in-person community forum later this summer.

While it's an open question whether we will in any way benefit from the Governor's interim housing program, we feel deeply thankful to count the Mayor and her team as key backers of the project.

2377 Midvale Ave Tiny Home Village Proposal - LifeArk

3 messages

Zachary Warma <zachary.warma@lacity.org> Fri, Jun 2, 2023 at 12:05 PM
To: Marina Quinonez <marina.quinonez@lacity.org>, Erik Villanueva <Erik.Villanueva@lacity.org>, Annabelle Gonzales <annabelle.gonzales@lacity.org>, Edwin Gipson <edwin.gipson@lacity.org>, Kendra Leal <kendra.leal@lacity.org>, Gary Gero <gary.gero@lacity.org>

Marina, Erik, Annabelle, Kendra, and Ed:

Please find attached herein the proposal from LifeArk for the 2377 Midvale Avenue Tiny Home Village project.

I have already added the proposals to the calendar invite for 6/14; I will note that LifeArk intends to transmit next Wednesday a project scope sheet that will contain the information related to code compliance and HCD approval cover page.

Please let me know if you would like me to transmit the file to any additional individuals at this moment, or if one of you will want to circulate it to the other departments.

I will also furnish the Connect Homes proposal once it has been received.

Thank you all so much!

2377 Midvale THV project - meeting follow up

2 messages

Zachary Warma <zachary.warma@lacity.org> Mon, May 15, 2023 at 4:54 PM
To: Marina Quinonez <marina.quinonez@lacity.org>, Erik Villanueva <Erik.Villanueva@lacity.org>, Edwin Gipson <edwin.gipson@lacity.org>, Annabelle Gonzales <annabelle.gonzales@lacity.org>, Kendra Leal <kendra.leal@lacity.org>
Cc: Fernando Morales <fernando.morales@lacity.org>, Andrew Deblock <andrew.deblock@lacity.org>, Gary Gero <gary.gero@lacity.org>

Marina, Erik, Ed, Annabelle, and Kendra:

Thank you so much for taking the time to meet with Team CD5 this morning regarding our forthcoming THV project at 2377 Midvale Avenue.

Per our conversation, I have attached herein the initial proposals submitted by Connect Homes and LifeArk. Our office has asked both vendors to provide updated plans by Friday 6/2, inclusive of the the following elements:

- A *minimum* of 45 units, no less than 100 square feet,
- En suite restrooms in all units
- A utilization of both parcels as a single campus / enclosing the alley
- On-site laundry facilities
- Storage (for both residents and staff)
- An area for pets
- Office/case-conferencing space
- Either an indoor or covered dining area / community space
- Ample foliage/greenery in and around the site
- Architecturally welcoming entrance
- No more than 4 parking spaces for staff

I will note that we expressly requested for designs contemplating the closure of the alley; we appreciate your continued exploration of the matter, and I have also reached out to the City Attorney's Office for guidance.

Since our meeting, I have already requested that both vendors provide potential times for us to schedule the meetings between them and CAO/LADBS/LAFD/BOE for the week of 6/5.

One outstanding request, if I may - can one of you point me to any clear documentation regarding the requirements of ADA "adaptability", and what components of the units it applies to?

If our office can help further this process in any way / make your lives less hectic, please do not hesitate to let us know.

Regards,

Zack Warma

Hi Zack,

Please ensure that your vendors are aware of the storm drain easement, this needs to be clear of any structure, movable furniture is ok.

Please see below for code information:

PUBLIC HOUSING. [DSA-AC & HCD 1-AC] *Housing facilities owned, operated, or constructed by, for or on behalf of a public entity including but not limited to the following:*

1. *Publically owned and/or operated one- or two-family dwelling units or congregate residences;*
2. *Publically owned and/or operated buildings or complexes with three or more residential dwelling units;*
3. *Reserved.*
4. *Publically owned and/or operated homeless shelters, group homes and similar social service establishments;*
5. *Publically owned and/or operated transient lodging, such as hotels, motels, hostels and other facilities providing accommodations of a short term nature of not more than 30 days duration;*
6. *Housing at a place of education owned or operated by a public entity, such as housing on or serving a public school, public college or public university campus;*
7. *Privately owned housing made available for public use as housing.*

11B-233.1 General

Public housing facilities with residential dwelling units shall comply with Section 11B-233.
See Chapter 2, Section 202 of this code for the definition of Public Housing.

11B-233.2 Reserved

11B-233.3 Public Housing Facilities

Public housing facilities with residential dwelling units shall comply with Section 11B-233.3.

Note: Senior citizen housing may also be subject to Civil Code, Division 1. Part 2. Sections 51.2, 51.3 and 51.4.

11B-233.3.1 Minimum Number: New Construction

Newly constructed facilities with residential dwelling units shall comply with Section 11B-233.3.1.

Exception: Where facilities contain 15 or fewer residential dwelling units, the requirements of Sections 11B-233.3.1.1 and 11B-233.3.1.3 shall apply to the total number of residential dwelling units that are constructed under a single contract, or are developed as a whole, whether or not located on a common site.

11B-233.3.1.1 Residential Dwelling Units With Mobility Features

In facilities with residential dwelling units, at least 5 percent, but no fewer than one unit, of the total number of residential dwelling units shall provide mobility features complying with Sections 11B-809.2 through 11B-809.4 and shall be on an accessible route as required by Section 11B-206.

11B-233.3.1.2 Residential Dwelling Units With Adaptable Features

In facilities with residential dwelling units, adaptable residential dwelling units complying with Sections 11B-809.6 through 11B-809.12 shall be provided as required by Sections 11B-233.3.1.2.1 through 11B-233.3.1.2.6. Adaptable residential dwelling units shall be on an accessible route as required by Section 11B-206.

Hi everyone,

Please find attached the property profiles for the 5 underutilized properties within your district that are being considered for interim housing, affordable housing, or permanent supportive housing.

I know there's special interest in the site on Midvale, so I will share this with BOE to begin the feasibility review for interim housing. If anyone has any questions, please let me know.

Thank you and have a great weekend!

Respectfully,
Annabelle Gonzales
Office of the City Administrative Officer

Marina:

I hope this message finds you well!

As a follow up to our conversation last month - with the CAO having finalized their property profiles of various city-owned parcels in the 5th District our office is contemplating for potential housing interventions, I want to emphasize that the 2377 Midvale Ave LADOT lot #707 is the only property for which our office requests a BOE analysis for interim housing. Would you mind reminding me the average / approximate length of time it takes to generate one of these reports?

We also want to uplift our desire that *no* parking replacement be formally contemplated as part of the Midvale analysis, given the Councilwoman's recent introduction of a motion to nullify the 2019 LADOT/HCIDLA MOU that set the requirements for parking spot replacements when an LADOT lot is converted into housing.

For 2367 Prosser and Olympic/Crenshaw, we will very likely be bringing forward a council motion in the near future for a formal analysis of both sites for either 100% affordable or permanent supportive housing development.

And for the Robertson and Broxton LADOT garages, neither of these sites are a near term priority, as they both necessitate more substantive conversations with an array of stakeholders before any additional analysis should proceed.

Please let us know how our office can be supportive of you and your team's work, and we so look forward to continuing this partnership and dialogue!

Regards,

Zack Warma

Hi Zach,

Thank you for the clarification! To the BOE team, can you please begin reviewing 2377 Midvale Ave. for a THV?

If anyone has any questions, please do not hesitate to reach out.

Thank you and have a great weekend!

Respectfully,
Annabelle Gonzales

I hope you had a pleasant weekend.

Two quick items:

i. At your convenience, would you mind providing an update on when we can expect the feasibility analysis for 2377 Midvale?

ii. Would it be possible for your team to possibly conduct an analysis of utilizing the rooftop and/or the top floor of the LADOT Parking Garage #680 at 1036 Broxton Ave (CAO property profile attached) for either safe parking or interim housing?

As always, Marina, thank you so much!

- Zack Warma

Hi Zachary,

The feasibility for Midvale will be submitted by the end of day today.

We have never looked at a rooftop application for either of your requests, though certainly, LADBS and LAFD would not approve this for interim housing. The Ordinance is very specific that all shelters must be on the first floor, this facilitates fire-life safety.

Safe parking is a possibility, though hygiene amenities would be very difficult, perhaps portable toilets would be possible for short-term use. CAO is most experienced in safe-parking sites.

KAREN BASS
MAYOR

EXECUTIVE DIRECTIVE NO. 1

Issue Date: December 16, 2022
Revised: June 12, 2023
Revised: July 7, 2023

Subject: Expedition of Permits and Clearances for Temporary Shelters and Affordable Housing Types

INTRODUCTION

To aid in swiftly sheltering people who are unhoused in the City of Los Angeles, and by virtue of the authority vested in me as Mayor of the City of Los Angeles under Section 231(i) of the Los Angeles City Charter and the provisions of Section 8.33 of the Los Angeles Administrative Code, I hereby declare the following order to be necessary for the protection of life and property and I hereby order, effective immediately, that:

1. Applications for 100% affordable housing projects, or for Shelter as defined in Section 12.03 of the Los Angeles Municipal Code (LAMC) (hereinafter referred to as Shelter), shall be, and hereby are deemed exempt from discretionary review processes otherwise required by either the zoning provisions of Chapter 1 of the LAMC or other Project Review including Site Plan Review as described in LAMC Section 16.05 and LAMC Section 13B.2.4, as long as such plans do not require any zoning change, variance, or General Plan amendment, and in no instance shall the project be located in a single family or more restrictive zone. All City departments are directed to process all plans for such 100 percent affordable housing projects or Shelter using the streamlined ministerial review process currently used for projects eligible under Government Code section 65913.4, State Density Bonus law. In addition, consistent with state law, a project may utilize the State Density Bonus and LAMC bonuses, incentives, waivers and concessions if such are in compliance with the applicable requirements.

2. I further direct all applicable City Departments to process clearances and utility releases related to building permit applications, certificates of occupancy, or temporary certificates of occupancy within 5 business days for 100 percent affordable housing projects and within 2 business days for Shelters.

3. I further direct all applicable City Departments to conduct and conclude all reviews and inspections required for 100 percent affordable housing projects or Shelters and to issue all appropriate approvals for such projects or Shelters within 60 days following the submission of the completed application. City Departments shall provide the applicant with all required changes or amendments on or before the 30th day following the submission of a completed application for such projects. To the extent practicable, all required reviews and approvals shall be conducted simultaneously, not sequentially, by all City departments so as to meet the 30 day and 60 day periods specified for such projects in this paragraph.

4. I hereby direct the Los Angeles Housing Department (LAHD) to coordinate with the Los Angeles City Controller to track and process all affordable housing projects and expedite payments thereon. LAHD shall track each pending pay application, initial submittal date, approval date, reasons for rejection or modification of submitted payment applications, and issuance of payment, and shall provide reports to the Mayor on all such payments at least monthly with the goal of expediting payments due for affordable housing projects.

5. I hereby direct that all protocols set by the Los Angeles County Coordinated Entry System as they apply within the City of Los Angeles be expanded, changed, or suspended, as allowed by federal law. Rules, guidelines and regulations will be developed to expedite the placement of unhoused neighbors into housing in the City of Los Angeles.

6. I hereby direct all City departments to prioritize and streamline compliance with the provisions of the Building Homes and Jobs Act – Government Code section 27388.1 in order to maximize the City's eligibility for state and federal funds to support the development of emergency shelters, transitional housing, and supportive housing. The City shall seek to comply with or otherwise meet all criteria specified under all applicable state and federal laws that provide for increased resources, funding, access or allowance for temporary or affordable housing.

7. Effective February 28, 2023, in accordance with the end of the State of California COVID-19 emergency, I hereby rescind the Public Order Under City of Los Angeles Emergency Authority issued on January 28, 2022 (January 28, 2022

PRA06-CAO-000290

Order). Notwithstanding this action, all entitlements already approved and still valid as of this date, or approved during the effective period of the January 28, 2022 Order, shall remain valid for the extended time period(s) as if such January 28, 2022 Order were still in effect with respect to such entitlements. Furthermore, local decision-makers, including the Director of Planning and the Chief Zoning Administrator, are authorized to continue to hold all required public hearings under the Los Angeles Municipal Code in a manner consistent with the Governor's Executive Order N-29-20, and any subsequent orders or published guidance pertaining to local legislative bodies.

8. The City Planning and Housing Departments shall issue guidelines as necessary to implement the provisions of this Executive Directive.

Executed this 7th day of July, 2023.

KAREN BASS
Mayor

KAREN BASS
MAYOR

EXECUTIVE DIRECTIVE NO. 2

Issue Date: December 21, 2022

Subject: Inside Safe Initiative

INTRODUCTION

On December 12, 2022, my first day as Mayor of the City of Los Angeles, I issued a Declaration of Local Emergency regarding the crisis of homelessness that exists in the City of Los Angeles.

It is imperative that we immediately begin to move people living in encampments indoors. Once in interim housing, social service agencies will provide wrap-around care to each participant to transition those previously living in encampments into permanent housing, improve their wellbeing, and promote their stability. Such an effort will simultaneously enhance the safety and hygiene of our neighborhoods for all residents, businesses, and neighbors.

Accordingly, I am launching the City of Los Angeles Inside Safe Initiative. This initiative is a housing-focused solution to combating homelessness. All outreach and engagement efforts will be coupled with immediate interim housing and linkage to a permanent housing resource.

This effort is dependent on collaboration between the City and County of Los Angeles and our Social Service Providers. Therefore, I hereby direct the Mayor's Chief of Housing and Homelessness Solutions to coordinate with:

- Emergency Management Department
- Social Service Providers
- People with lived experience of homelessness
- Los Angeles City Council
- Los Angeles County government

PRA06-CAO-000292

- All other appropriate City Departments
- Other key local, state, and federal government partners
- Experts in other sectors
- Community Organizations

This coalition will design and implement a strategy that effectively expands the Inside Safe model across the City of Los Angeles. Through this effort we will be able to bring thousands of Angelenos living on our streets into housing and on to the path to wellbeing and stability.

GOALS

Inside Safe will support the following five goals:

1. Reduce the loss of life on our streets
2. Increase access to mental health and substance abuse treatment for those living in encampments
3. Eliminate street encampments
4. Promote long-term housing stability for people experiencing homelessness
5. Enhance the safety and hygiene of neighborhoods for all residents, businesses, and neighbors

This initiative will support and advance the following citywide outcomes:

1. Decrease the number and size of encampments across the city
2. Decrease the time of moving someone from an encampment into housing
3. Increase interim and permanent housing placements
4. Increase access to mental health care and substance use treatment for people experiencing homelessness

I hereby create the Inside Safe Initiative.

This initiative will be led by my Chief of Housing and Homeless Solutions and is comprised of a Cabinet including: the General Manager of the Emergency Management Department; the CEO of Los Angeles Homeless Services Authority; the Chief Administrative Officer; and the General Managers or their designees of the following City Departments:

- Department of Housing
- Department of Transportation
- Housing Authority of the City of Los Angeles
- Department of Public Works
    - Bureau of Engineering
    - Bureau of Street Services
    - Bureau of Sanitation

The Cabinet will also seek insight and expertise from lead Social Service Providers and relevant County Departments.

I direct the Cabinet to work closely in this effort with METRO, Los Angeles Department of Water and Power, Los Angeles World Airports, Los Angeles Port, state agencies, and Los Angeles County agencies that serve people experiencing homelessness.

I request all other City Departments, Bureaus, Agencies, Boards and Commissions to support the Cabinet as needed and to review all regulations and processes that may be hindering access to housing for people experiencing homelessness.

Inside Safe Action Plan:

- Create a strategy of large scale, citywide coordination
- Identify criteria and strategies for determining the highest need encampments across the city, especially focusing on encampments that are chronic and have a high demand for services
- Identify interim housing for each person in encampments
- Identify permanent housing resources for each person in encampments
- Assure that the Inside Safe Action Plan integrates equity principles in its design and implementation
- Consult with people who have lived experience of homelessness on development and implementation of all relevant strategies
- Centralize data collection on all relevant matters, including but not limited to encampments, needs surveys, housing availability, housing placements and retention, and designate a lead team to track progress
- Set metrics and benchmarks as indicated in my Emergency Declaration of December 12, 2022
- Create a unit acquisition strategy, including master leasing for both interim and permanent housing options
- Develop a comprehensive funding strategy that includes consideration of measure ULA

Finally, I direct the Cabinet to submit a report to the Mayor's office on all items related to the Inside Safe Action Plan by March 31, 2023.

Executed this 21st day of December, 2022.

Karen Bass

KAREN BASS
Mayor

KAREN BASS
MAYOR

EXECUTIVE DIRECTIVE NO. 3

Issue Date: February 10, 2023
Revised: July 7, 2023

Subject: Emergency Use of Viable City-Owned Property

INTRODUCTION

To aid in sheltering people who are unhoused in the City of Los Angeles, and by virtue of the authority vested in me as Mayor under the Charter Section 213(i) of the City of Los Angeles and the provisions of Section 8.33 of the Los Angeles Administrative Code, I hereby declare the following order to be necessary for the protection of life and property, and I hereby order, effective immediately, that:

1. Within 20 days of this order the City Administrative Officer's (CAO) Asset Management and Development Services (AMDS) shall identify and deliver to the Mayor and the Chief of Housing and Homeless Solutions a list of all City-owned property within the control of any City department or bureau, including rights of way, that are vacant, surplus, or underutilized. For any parcel with significant limitation or restriction that might preclude it from being used for temporary or permanent housing with on-site supportive services, AMDS should include all covenants, easements, leases or other land use, revenue, or regulatory restrictions that apply to the identified parcel. I direct all City Departments to fully cooperate with AMDS and prioritize inquiries and requests from AMDS regarding this list for immediate response. This order does not apply to active recreational sites in the control of the Department of Recreation and Parks that are utilized for public recreation or land that is utilized as trails for public recreation.

2. The Chief of Housing and Homeless Solutions shall, upon receipt of such identifications, complete a formal assessment of each identified site to determine its suitability for housing or shelter for those experiencing homelessness. In making that assessment, the Chief of Housing and Homeless Solutions shall coordinate with CAO and all appropriate City departments, including General Services Department (GSD), the Department of Transportation (DOT), the Bureau of Engineering (BOE), and the Department of Building and Safety (DBS). Such assessment shall be completed and transmitted to the Mayor as soon as possible but, in any event, on or before the 30th day following receipt of the AMDS list referenced in paragraph 1 of this Executive Directive. Such assessment shall address each site's viability for habitation, including a site layout, access to infrastructure (including water, power, and sewer access), contamination risks, liability risks, the distance between each site and other residential uses, and the time and resources needed to prepare the site for habitation.

3. Within 30 days of receipt of the formal assessment of sites to be used for temporary or permanent housing with on-site supportive services to be occupied by persons experiencing homelessness, the Mayor's Office shall make designations for appropriate sites to install or construct housing or shelter, giving preference to sites that are easily serviceable by utilities (including water, power, and sewer services) and that are near assets to aid in support of people experiencing homelessness. Any new structures constructed on sites so designated shall be non-congregate shelter. To the extent possible, units shall include individual bathrooms. All sites shall include other appropriate amenities. The Mayor's Office, in conjunction with the CAO, shall specify the construction or contracting process for each site, including approvals for expediting the same, and may include additional exemptions from the requirements of the Los Angeles Municipal Code (LAMC).

4. City departments, bureaus, and agencies shall have the authority to install temporary or permanent housing with on-site supportive services on such designated sites, all in accordance with the designations made by the Mayor's Office.

5. The construction, emergency installation, use, and operation of temporary or permanent housing on such designated sites shall be and hereby are deemed exempt for the duration of this order from discretionary review processes otherwise required by either the zoning provisions of Chapter I of the LAMC

or Project Review as described in LAMC Section 16.05 and LAMC Section 13B.2.4; or other ordinance; provided, however, that any temporary or permanent housing shall comply with applicable state law including Government Code Section 8698, et seq., to the extent those sections apply.

6. Temporary or permanent housing on such designated sites shall also be exempt from LAMC Section 64.72 (Public Works and Property) except to the extent required by state law as applicable to either charter or general law cities. The Director of Sanitation shall respond to all Sewer Capacity Availability Requests (SCAR) and complete the department's reviews under LAMC Section 64.15 within seven business days of being submitted to the Bureau of Sanitation.

7. Construction activities related to temporary or permanent housing on such designated sites shall be exempt from LAMC Section 41.40 (Public Welfare) in order to expedite construction and installation of housing, all in accordance with the designations made by the Mayor's Office.

8. All site plan reviews and approvals pursuant to LAMC Section 16.05 are hereby waived for all eligible temporary or permanent housing with on-site supportive services constructed or installed on such designated sites as specified in the Mayoral designations noted in paragraph 3 above. All minimum parking requirements are hereby waived for all eligible temporary or permanent housing with on-site supportive services constructed or installed on such designated City sites, all in accordance with the designations made by the Mayor's Office.

9. I hereby direct that all protocols set by the Los Angeles County Coordinated Entry System be expanded, changed, or eliminated, as allowed by federal law, pursuant to guidelines to be issued by the Mayor, for temporary or permanent housing with on-site supportive services constructed or installed on such designated City sites.

10. All City departments and bureaus with permitting requirements, including the DBS, the BOE, the Fire Department, City Planning, DOT and the Department of Water and Power (DWP), shall prioritize and streamline their review of any permits relating to the construction, emergency installation, use, and operation of temporary or permanent housing on such designated City sites by conducting concurrent, rather than consecutive, reviews of such permit applications and completing those reviews within 30 days of application.

PRA06-CAO-000297

11. GSD shall establish guidelines for when a City department or bureau should consider a property vacant or underutilized, similar to the processes for declaring properties surplus, and they shall develop a process by which each City department and bureau shall regularly identify for the CAO and GSD, any properties that it deems to be vacant or underutilized.

12. The DWP, the Los Angeles World Airports, and the Los Angeles Harbor Department shall establish guidelines for identifying vacant, surplus, or underutilized property on a forward-going basis, and shall develop a process by which each of those departments shall regularly notify the Mayor and CAO of vacant, surplus, or underutilized properties.

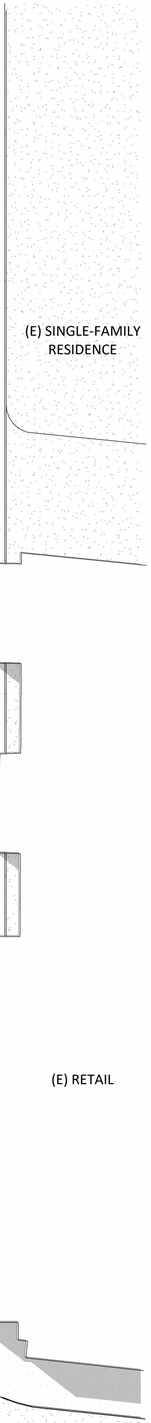

13. The Mayor will request that other jurisdictions that control real property in the City consider adopting policies similar to those outlined in this order to make property available for temporary or permanent housing with on-site supportive services. Such jurisdictions include Los Angeles County, LA Metro, Los Angeles Unified School District (LAUSD), the California Department of Transportation (CalTrans), and other departments or agencies of the State of California.

NOTES ON PRICING

<1> Production costs are subject to change up until the Purchase Order is signed, at which time these costs are fixed for the Project

<2> Installation costs will be included in the Purchase Order as actual costs plus a 15% fixed fee and are provided as an estimate only

<3> Every site is different and will have varying levels of preparation required for the installation of the Shelter units. This estimate will fluctuate depending on site specific conditions and local labor rates
